[Summary](#)[Bill Text](#)[Action History](#)[Vote History](#)[Associated Documents](#)

Be It Enacted by the Senate and General Assembly of the State of New Jersey:

1. (New section) Sections 1 through 21 of P.L. , c. (C.) (pending before the Legislature as this bill) shall be known and may be cited as the "Aid in Dying for the Terminally Ill Act."
2. (New section) The Legislature finds and declares that:
 - a. Recognizing New Jersey's long-standing commitment to individual dignity, informed consent, and the fundamental right of competent adults to make health care decisions about whether to have life-prolonging medical or surgical means or procedures provided, withheld, or withdrawn, this State affirms the right of a qualified terminally ill patient, protected by appropriate safeguards, to obtain medication that the patient may choose to self-administer in order to bring about the patient's humane and dignified death;
 - b. Statistics from other states that have enacted laws to provide compassionate aid in dying for terminally ill patients indicate that the great majority of patients who requested medication under the laws of those states, including more than 90% of patients in Oregon since 1998 and between 72% and 86% of patients in Washington in each year since 2009, were enrolled in hospice care at the time of death, suggesting that those patients had availed themselves of available treatment and comfort care options available to them at the time they requested compassionate aid in dying;
 - c. The public welfare requires a defined and safeguarded process in order to effectuate the purposes of this act, which will:
 - (1) guide health care providers and patient advocates who provide support to dying patients;
 - (2) assist capable, terminally ill patients who request compassionate aid in dying;
 - (3) protect vulnerable adults from abuse; and
 - (4) ensure that the process is entirely voluntary on the part of all participants, including patients and those health care providers that are providing care to dying patients; and
 - d. This act is in the public interest and is necessary for the welfare of the State and its residents.
